Barbara Ridley: When It's Over

Barbara Ridley is the author of ***When It's Over***, a literary novel set in Europe in World War II, published 2017 by She Writes Press. Although it is a work of fiction, it is based on Barbara's late mother's experience as a refugee in the 1940's. ***When It's Over*** deals with universal themes

of optimism versus pessimism, hope and denial, and the assimilation of immigrants during a time of social upheaval.

Originally from London, U.K., Barbara has lived in California for over 35 years. She loves the San Francisco Bay Area which is now her home, and likes to spend as much time as she can in the great outdoors. She retired in 2015 after a 40-year career as a nurse and nurse practitioner, to focus more on her writing.
