Y-ACHIEVERS

Y-Achievers is an after school program for middle school students with a focus on homework assistance and academic skill building. We provide an environment for learning and studying in which students of all skills and abilities can thrive. Y-Achievers staff and tutors provide assistance with homework and ensure students understand concepts. Staff actively monitor students' academic progress by utilizing the Aeries online grade book and through strong relationships with AMS teachers and administrators. In addition, staff teach important study skills, including time management and organization. Snack and social time are provided daily.
